

CORBAN WARRINGTON

INDUSTRIAL DESIGNER

PROFILE

I am an ocean loving, pun throwing, curly haired industrial designer looking to leave his mark on this world. I believe that as a designer you should always challenge yourself and push the boundaries in order to grow and develop your skills. The way I look at it is that if you are out of your comfort zone, you are doing it right! I'm passionate about all areas of design and I love the fact that, as creatives we have the ability to take an idea from our minds and turn it into a physical object that can make a difference in this world. That is what makes the sleepless nights and coffee overdoses all worth it at the end of the day.

HOBBIES & INTERESTS

Surfing / Bodyboarding
Travelling

WORK EXPERIENCE

...XYZ | INDUSTRIAL DESIGN STUDIO

September 2016 - February 2017

Upon working at XYZ I had quickly worked my way up to a head designer position. My roles consisted of project management, sketching, 3D modelling/rendering, prototyping and sourcing manufacturers.

ELGIN RAILWAY MARKET | CONTRACT WORK

May 2017 - Current

I was contracted to help with the designing and manufacturing of developing a new food and crafts market based in the fruit-lands area just outside of Cape Town. This work entails designing, prototyping and manufacturing all items inside the market. The project is foreseen to be completed in May 2018

ROOTED | OWN COMPANY

June 2016 - March 2017

Based in Cape Town, Rooted was founded in 2016 as a start-up company consisting of Myself and my business partner Misha van Schalkwyk. By questioning the practicality and aesthetics of everyday products, Rooted aims to re-design the idea of everyday products through a User Centred Design research approach. <http://www.rooteddesignstudio.co.za/>

EDUCATION

ELKANAH HOUSE | SCHOOL

Matriculated 2012

Graduated High School with a Bachelor's Degree and was awarded the top Product Design Student for the class of 2012.
